Subject: EOCCG Update 11: Planned Truck Demonstration
Good evening,

The number of protesters today was much lower. There are currently less than a 1,000 in the downtown core, with the usual gatherings at Rideau/Sussex and Wellington/Metcalf.

Today saw a pivot towards increased enforcement activities with notice given by Police that anyone attempting to bring material supports (e.g., gas) to the demonstrators could be subject to arrest. By-law is also working with Police to increase ticketing for infractions such as illegally parked vehicles in and around the downtown core.

There are on-going attempts by the protesters to set up staging areas/encampments at different locations. The wooden structure by Confederation Park was unfortunately moved back overnight and had to be taken away by Police and other partners this afternoon. Fencing has now been installed around Confederation Park. Some protesters also tried to establish small encampments at the Sandy Hill Community Centre and at Tunney's Pasture. The groups were moved out from both locations and will be prevented from returning.

Enforcement activities have also commenced at RCGT Park, with Police, Ottawa Fire Services, and By-law working together to remove containers of fuel that are being stored there illegally.

The Rideau Centre will remain closed until further notice, and traffic and other impacts will persist. Unfortunately, 3-1-1 is still getting calls related to noise from vehicle horns that are sounding overnight and early in the morning.

PIMR is getting several enquiries from media outlets related to this afternoon's declaration of a State of Emergency. Most are seeking clarity on what the State of Emergency entails, how long it might last, and what new powers it provides.
